CLAUSES INCORPORATED BY FULL TEXT

52.209-5 CERTIFICATION REGARDING RESPONSIBILITY MATTERS (APR 2010)

(a)(1) The Offeror certifies, to the best of its knowledge and belief, that-

(i) The Offeror and/or any of its Principals-

(A) Are () are not () presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(B) Have () have not (), within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State, or local) contract or subcontract; violation of Federal or State antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property (if offeror checks “have”, the offeror shall also see 52.209-7, if included in this solicitation); and

(C) Are () are not () presently indicted for, or otherwise criminally or civilly charged by a governmental entity with, commission of any of the offenses enumerated in paragraph (a)(1)(i)(B) of this provision.; and

(D) Have , have not , within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds \$3,000 for which the liability remains unsatisfied.

(1) Federal taxes are considered delinquent if both of the following criteria apply:

(i) The tax liability is finally determined. The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(ii) The taxpayer is delinquent in making payment. A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(2) Examples. (i) The taxpayer has received a statutory notice of deficiency, under I.R.C. Sec. 6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(ii) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. Sec. 6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(iii) The taxpayer has entered into an installment agreement pursuant to I.R.C. Sec. 6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(iv) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. 362 (the Bankruptcy Code).

(ii) The Offeror has () has not (), within a three-year period preceding this offer, had one or more contracts terminated for default by any Federal agency.

(2) Principal, for the purposes of this certification, means an officer, director, owner, partner, or a person having primary management or supervisory responsibilities within a business entity (e.g., general manager; plant manager; head of a division or business segment; and similar positions).

(b) The Offeror shall provide immediate written notice to the Contracting Officer if, at any time prior to contract award, the Offeror learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

(c) A certification that any of the items in paragraph (a) of this provision exists will not necessarily result in withholding of an award under this solicitation. However, the certification will be considered in connection with a determination of the Offeror's responsibility. Failure of the Offeror to furnish a certification or provide such additional information as requested by the Contracting Officer may render the Offeror nonresponsible.

(d) Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render, in good faith, the certification required by paragraph (a) of this provision. The knowledge and information of an Offeror is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

(e) The certification in paragraph (a) of this provision is a material representation of fact upon which reliance was placed when making award. If it is later determined that the Offeror knowingly rendered an erroneous certification, in addition to other remedies available to the Government, the Contracting Officer may terminate the contract resulting from this solicitation for default.

(End of provision)

52.209-7 INFORMATION REGARDING RESPONSIBILITY MATTERS (JULY 2013)

(a) Definitions. As used in this provision--

Administrative proceeding means a non-judicial process that is adjudicatory in nature in order to make a determination of fault or liability (e.g., Securities and Exchange Commission Administrative Proceedings, Civilian Board of Contract Appeals Proceedings, and Armed Services Board of Contract Appeals Proceedings). This includes administrative proceedings at the Federal and State level but only in connection with performance of a Federal contract or grant. It does not include agency actions such as contract audits, site visits, corrective plans, or inspection of deliverables.

Federal contracts and grants with total value greater than \$10,000,000 means--

- (1) The total value of all current, active contracts and grants, including all priced options; and
- (2) The total value of all current, active orders including all priced options under indefinite-delivery, indefinite-quantity, 8(a), or requirements contracts (including task and delivery and multiple-award Schedules).

Principal means an officer, director, owner, partner, or a person having primary management or supervisory responsibilities within a business entity (e.g., general manager; plant manager; head of a division or business segment; and similar positions).

(b) The offeror () has () does not have current active Federal contracts and grants with total value greater than \$10,000,000.

(c) If the offeror checked "has" in paragraph (b) of this provision, the offeror represents, by submission of this offer, that the information it has entered in the Federal Awardee Performance and Integrity Information System (FAPIS) is current, accurate, and complete as of the date of submission of this offer with regard to the following information:

(1) Whether the offeror, and/or any of its principals, has or has not, within the last five years, in connection with the award to or performance by the offeror of a Federal contract or grant, been the subject of a proceeding, at the Federal or State level that resulted in any of the following dispositions:

- (i) In a criminal proceeding, a conviction.

(ii) In a civil proceeding, a finding of fault and liability that results in the payment of a monetary fine, penalty, reimbursement, restitution, or damages of \$5,000 or more.

(iii) In an administrative proceeding, a finding of fault and liability that results in--

(A) The payment of a monetary fine or penalty of \$5,000 or more; or

(B) The payment of a reimbursement, restitution, or damages in excess of \$100,000.

(iv) In a criminal, civil, or administrative proceeding, a disposition of the matter by consent or compromise with an acknowledgment of fault by the Contractor if the proceeding could have led to any of the outcomes specified in paragraphs (c)(1)(i), (c)(1)(ii), or (c)(1)(iii) of this provision.

(2) If the offeror has been involved in the last five years in any of the occurrences listed in (c)(1) of this provision, whether the offeror has provided the requested information with regard to each occurrence.

(d) The offeror shall post the information in paragraphs (c)(1)(i) through (c)(1)(iv) of this provision in FAPIIS as required through maintaining an active registration in the System for Award Management database via <https://www.acquisition.gov> (see 52.204-7).

(End of provision)

52.212-1 INSTRUCTIONS TO OFFERORS--COMMERCIAL ITEMS (APR 2014)

(a) North American Industry Classification System (NAICS) code and small business size standard. The NAICS code and small business size standard for this acquisition appear in Block 10 of the solicitation cover sheet (SF 1449). However, the small business size standard for a concern which submits an offer in its own name, but which proposes to furnish an item which it did not itself manufacture, is 500 employees.

(b) Submission of offers. Submit signed and dated offers to the office specified in this solicitation at or before the exact time specified in this solicitation. Offers may be submitted on the SF 1449, letterhead stationery, or as otherwise specified in the solicitation. As a minimum, offers must show--

(1) The solicitation number;

(2) The time specified in the solicitation for receipt of offers;

(3) The name, address, and telephone number of the offeror;

(4) A technical description of the items being offered in sufficient detail to evaluate compliance with the requirements in the solicitation. This may include product literature, or other documents, if necessary;

(5) Terms of any express warranty;

(6) Price and any discount terms;

(7) "Remit to" address, if different than mailing address;

(8) A completed copy of the representations and certifications at FAR 52.212-3 (see FAR 52.212-3(b) for those representations and certifications that the offeror shall complete electronically);

(9) Acknowledgment of Solicitation Amendments;

(10) Past performance information, when included as an evaluation factor, to include recent and relevant contracts for the same or similar items and other references (including contract numbers, points of contact with telephone numbers and other relevant information); and

(11) If the offer is not submitted on the SF 1449, include a statement specifying the extent of agreement with all terms, conditions, and provisions included in the solicitation. Offers that fail to furnish required representations or information, or reject the terms and conditions of the solicitation may be excluded from consideration.

(c) Period for acceptance of offers. The offeror agrees to hold the prices in its offer firm for 30 calendar days from the date specified for receipt of offers, unless another time period is specified in an addendum to the solicitation.

(d) Product samples. When required by the solicitation, product samples shall be submitted at or prior to the time specified for receipt of offers. Unless otherwise specified in this solicitation, these samples shall be submitted at no expense to the Government, and returned at the sender's request and expense, unless they are destroyed during preaward testing.

(e) Multiple offers. Offerors are encouraged to submit multiple offers presenting alternative terms and conditions or commercial items for satisfying the requirements of this solicitation. Each offer submitted will be evaluated separately.

(f) Late submissions, modifications, revisions, and withdrawals of offers:

(1) Offerors are responsible for submitting offers, and any modifications, revisions, or withdrawals, so as to reach the Government office designated in the solicitation by the time specified in the solicitation. If no time is specified in the solicitation, the time for receipt is 4:30 p.m., local time, for the designated Government office on the date that offers or revisions are due.

(2)(i) Any offer, modification, revision, or withdrawal of an offer received at the Government office designated in the solicitation after the exact time specified for receipt of offers is "late" and will not be considered unless it is received before award is made, the Contracting Officer determines that accepting the late offer would not unduly delay the acquisition; and--

(A) If it was transmitted through an electronic commerce method authorized by the solicitation, it was received at the initial point of entry to the Government infrastructure not later than 5:00 p.m. one working day prior to the date specified for receipt of offers; or

(B) There is acceptable evidence to establish that it was received at the Government installation designated for receipt of offers and was under the Government's control prior to the time set for receipt of offers; or

(C) If this solicitation is a request for proposals, it was the only proposal received.

(ii) However, a late modification of an otherwise successful offer, that makes its terms more favorable to the Government, will be considered at any time it is received and may be accepted.

(3) Acceptable evidence to establish the time of receipt at the Government installation includes the time/date stamp of that installation on the offer wrapper, other documentary evidence of receipt maintained by the installation, or oral testimony or statements of Government personnel.

(4) If an emergency or unanticipated event interrupts normal Government processes so that offers cannot be received at the Government office designated for receipt of offers by the exact time specified in the solicitation, and urgent Government requirements preclude amendment of the solicitation or other notice of an extension of the closing date,

the time specified for receipt of offers will be deemed to be extended to the same time of day specified in the solicitation on the first work day on which normal Government processes resume.

(5) Offers may be withdrawn by written notice received at any time before the exact time set for receipt of offers. Oral offers in response to oral solicitations may be withdrawn orally. If the solicitation authorizes facsimile offers, offers may be withdrawn via facsimile received at any time before the exact time set for receipt of offers, subject to the conditions specified in the solicitation concerning facsimile offers. An offer may be withdrawn in person by an offeror or its authorized representative if, before the exact time set for receipt of offers, the identity of the person requesting withdrawal is established and the person signs a receipt for the offer.

(g) Contract award (not applicable to Invitation for Bids). The Government intends to evaluate offers and award a contract without discussions with offerors. Therefore, the offeror's initial offer should contain the offeror's best terms from a price and technical standpoint. However, the Government reserves the right to conduct discussions if later determined by the Contracting Officer to be necessary. The Government may reject any or all offers if such action is in the public interest; accept other than the lowest offer; and waive informalities and minor irregularities in offers received.

(h) Multiple awards. The Government may accept any item or group of items of an offer, unless the offeror qualifies the offer by specific limitations. Unless otherwise provided in the Schedule, offers may not be submitted for quantities less than those specified. The Government reserves the right to make an award on any item for a quantity less than the quantity offered, at the unit prices offered, unless the offeror specifies otherwise in the offer.

(i) Availability of requirements documents cited in the solicitation. (1)(i) The GSA Index of Federal Specifications, Standards and Commercial Item Descriptions, FPMR Part 101-29, and copies of specifications, standards, and commercial item descriptions cited in this solicitation may be obtained for a fee by submitting a request to--GSA Federal Supply Service Specifications Section, Suite 8100, 470 East L'Enfant Plaza, SW, Washington, DC 20407, Telephone (202) 619-8925, Facsimile (202) 619-8978.

(ii) If the General Services Administration, Department of Agriculture, or Department of Veterans Affairs issued this solicitation, a single copy of specifications, standards, and commercial item descriptions cited in this solicitation may be obtained free of charge by submitting a request to the addressee in paragraph (i)(1)(i) of this provision. Additional copies will be issued for a fee.

(2) Most unclassified Defense specifications and standards may be downloaded from the following ASSIST websites:

(i) ASSIST (<https://assist.dla.mil/online/start/>).

(ii) Quick Search (<http://quicksearch.dla.mil/>).

(iii) ASSISTdocs.com (<http://assistdocs.com>).

(3) Documents not available from ASSIST may be ordered from the Department of Defense Single Stock Point (DoDSSP) by--

(i) Using the ASSIST Shopping Wizard (<https://assist.dla.mil/wizard/index.cfm>);

(ii) Phoning the DoDSSP Customer Service Desk (215) 697-2179, Mon-Fri, 0730 to 1600 EST; or

(iii) Ordering from DoDSSP, Building 4, Section D, 700 Robbins Avenue, Philadelphia, PA 19111-5094, Telephone (215) 697-2667/2179, Facsimile (215) 697-1462.

(4) Nongovernment (voluntary) standards must be obtained from the organization responsible for their preparation, publication, or maintenance.

(j) Data Universal Numbering System (DUNS) Number. (Applies to all offers exceeding \$3,000, and offers of \$3,000 or less if the solicitation requires the Contractor to be registered in the System for Award Management (SAM) database. The offeror shall enter, in the block with its name and address on the cover page of its offer, the annotation “DUNS” or “DUNS +4” followed by the DUNS or DUNS +4 number that identifies the offeror's name and address. The DUNS +4 is the DUNS number plus a 4-character suffix that may be assigned at the discretion of the offeror to establish additional SAM records for identifying alternative Electronic Funds Transfer (EFT) accounts (see FAR Subpart 32.11) for the same concern. If the offeror does not have a DUNS number, it should contact Dun and Bradstreet directly to obtain one. An offeror within the United States may contact Dun and Bradstreet by calling 1-866-705-5711 or via the internet at <http://fedgov.dnb.com/webform>. An offeror located outside the United States must contact the local Dun and Bradstreet office for a DUNS number. The offeror should indicate that it is an offeror for a Government contract when contacting the local Dun and Bradstreet office.

(k) System for Award Management. Unless exempted by an addendum to this solicitation, by submission of an offer, the offeror acknowledges the requirement that a prospective awardee shall be registered in the SAM database prior to award, during performance and through final payment of any contract resulting from this solicitation. If the Offeror does not become registered in the SAM database in the time prescribed by the Contracting Officer, the Contracting Officer will proceed to award to the next otherwise successful registered Offeror. Offerors may obtain information on registration and annual confirmation requirements via the SAM database accessed through <https://www.acquisition.gov>.

(l) Debriefing. If a post-award debriefing is given to requesting offerors, the Government shall disclose the following information, if applicable:

- (1) The agency's evaluation of the significant weak or deficient factors in the debriefed offeror's offer.
- (2) The overall evaluated cost or price and technical rating of the successful and the debriefed offeror and past performance information on the debriefed offeror.
- (3) The overall ranking of all offerors, when any ranking was developed by the agency during source selection.
- (4) A summary of the rationale for award;
- (5) For acquisitions of commercial items, the make and model of the item to be delivered by the successful offeror.
- (6) Reasonable responses to relevant questions posed by the debriefed offeror as to whether source-selection procedures set forth in the solicitation, applicable regulations, and other applicable authorities were followed by the agency.

The Quoter shall also propose techniques and actions to mitigate such risks; and explain whether the techniques and actions identified for risk mitigation have been successfully used by the Quoter.

Sub-factor II – Staffing Approach

The Quoter shall describe the professional qualification(s) and experience of personnel who would be tasked with meeting the requirements of a resultant contract. The Quoter shall submit three instructor resumes for evaluation. Resumes will be included in the overall page count. 52.212-2 EVALUATION--COMMERCIAL ITEMS (OCT 2014)

The Government intends to award an Indefinite Delivery/Indefinite Quantity type contract with Firm Fixed Price provisions to the responsible vendor whose quote represents the best value after evaluation in accordance with the factors and sub-factors in the solicitation.

The Government intends to award solely on the information contained in the quote and is not obligated to seek completion or clarification of technical and past performance information. The Government intends to award without discussions.

The selection of a vendor for award will be based on evaluation of the following factors:

The evaluation of quotes will consider the Non-Price Submittal to be significantly more important than the Price Submittal. Within the Non-Price Submittal, Technical Approach is more important than Past Performance.

1. Non-Price Submittal Evaluation Criteria

The Non-Price Submittal is comprised of Technical Approach and Past Performance, along with the respective sub-factors.

- A. Factor I – Technical Approach:** Factor I is comprised of the below sub-factors: Management Approach, Staffing Approach, Representative Sample of Student Guide/Manual, and Instructor Performance demonstration which are considered of equal importance.

Sub-Factor I – Management Approach: Quoter will be evaluated on its ability to present a management approach that demonstrates successful performance of the requirements of the solicitation, including the PWS, through its management capabilities, expertise, and experience. Quoter will be evaluated on their proposed instructor management plan, Contractor Quality Assurance Plan, and its demonstrated methodology for ensuring personnel with the required experience, background and qualifications are available when required. Quoter will be evaluated on its plan to replace qualified instructors with equally qualified instructors within the specified timeframe, should replacement be required. Quoter’s management approach will also be evaluated on their proposed techniques and actions to mitigate contract performance risks and whether those techniques and actions have been successfully used by the Quoter in the past.

Sub-Factor II – Staffing Approach: The Quoter will be evaluated on its description of professional qualification(s) and experience of personnel who would be tasked with meeting the requirements of a resultant contract. Quoter will be evaluated on the strength of instructor resumes submitted and the extent to which the resumes meet the Minimum Instructor Qualifications detailed in Section 3 of the Performance Work Statement.

Sub-Factor III – Instructor Performance: Quoter will be evaluated on the demonstrated course knowledge, teaching ability and style of instructor personnel as exhibited via recorded examples of instructors in the process of teaching a class.

Sub-Factor IV – Representative Sample of Student Guide/Manual: Quoter will be evaluated on its demonstrated ability to generate a program of study utilizing applicable references, training aids/equipment, and computer generated visual aids.

The purpose of the technical factor and sub-factors is to assess the quoter’s proposed approach to satisfy the Government’s requirements. The evaluation of risk is related to the assessment of the quoter’s proposed technical submittal. Risk, as it pertains to source selection, is the potential for unsuccessful contract performance. The consideration of risk assesses the degree to which a quoter’s proposed approach to achieving the technical factor involves risk of disruption of schedule, increased cost or degradation of performance, the need for increased Government oversight, and the likelihood of unsuccessful contract performance. Risk will be considered in the evaluation of the technical factor and sub-factors.

For the Technical factor and sub-factors, the rating table identified in Table 1 below, entitled “Technical Ratings Table” will be utilized for the assignment of ratings. The technical approach sub-factor evaluations will be based on each quoter’s response to the requirements of “Instructions to Quoters” and the contents of the Performance Work Statement (PWS). In the execution of the evaluations, both the quoter’s Technical approach to meeting the Governments requirements as defined in the solicitation and the Risk related to this proposed approach will be assessed.

A combined Technical/Risk Rating will be utilized in the evaluation of the technical factor and sub-factors. The combined technical/risk rating includes consideration of risk in conjunction with the strengths, weaknesses, and deficiencies in determining technical ratings. Combined technical/risk evaluations will utilize the combined technical/risk ratings listed in the below ratings tables.

*Note: A rating of “Marginal” for any Technical factor or sub-factor means that the vendor’s quote is not awardable without a change or changes to the vendor’s quote. A quote which includes a “Marginal”

rating is not eligible for award if award is made on initial offers. Quoters that receive a “Marginal” rating are considered to be susceptible to correction if the Contracting Officer determines that an exchange is appropriate and said exchange is conducted.

****Note:** Quoters receiving a rating of “Unacceptable” for any Technical factor or sub-factor will not be further considered for an award. Quoters simply providing general statements or paraphrasing/parroting the PWS in whole or in any part may result in a rating of “Unacceptable”.

B. Factor II – Past Performance:

Past performance will be evaluated based on relevancy and confidence.

For the Past Performance factor, the ratings identified in Tables 2 and 3 below, entitled “Past Performance Relevancy Ratings Table” and “Past Performance Confidence Assessment Ratings Table,” respectively will be used for the assignment of ratings for relevancy and confidence assessment. Relevancy includes similarity in scope, complexity, and magnitude. The Quoter’s past performance information will be evaluated to determine the quality and usefulness as it applies to performance confidence assessment.

Past Performance will be assessed as follows:

Evaluation will focus only on work experience already performed. Work yet-to-be performed, and work prior to the last 5 years, will not be considered. In addition, performance data will only be assessed for those references demonstrating at least 1 year of completed performance prior to the closing date of the solicitation. Subcontractor past performance will be given weight relative to the percentage of the work under the solicitation that the subcontractor is proposed to perform.

Past Performance Relevancy Ratings – Regarding relevancy, each past performance reference under each quoter’s Past Performance submission will be evaluated to determine its individual scope, complexity, and magnitude relative to the instant requirement. The following definitions will apply to this evaluation:

- Scope: Experience in the areas defined in the Performance Work Statement (PWS).
- Complexity: The measure of similarity of technical and managerial intricacy and required coordination of efforts and disciplines that exist in the PWS and the Quoter’s performance on other contracts. For complexity, not only will the tasks performed be considered, but also the Quoter’s ability to coordinate the (tasks) (e.g. concurrent performance requirements).
- Magnitude: The measure of the similarity of the dollar value of actually performed work that exists between the PWS and the Quoter’s contracts.

The aggregated total sum of each quoter’s Past Performance references in terms of scope, complexity, and magnitude will result in the assessed overall relevance of that quoter’s past performance reference submissions. Quoters lacking relevant past performance history will not be evaluated favorably or unfavorably on past performance. However, the past performance submittal of a quoter with no relevant past performance history, while not rated favorably or unfavorably for past performance, may not represent the most advantageous quoter to the Government. In this instance, the quoter will receive a rating of “Not Relevant” in the relevancy rating factor.

Past Performance Confidence Assessment Ratings – The overall assigned rating for Past Performance will be the Past Performance Confidence Assessment rating. The assignment of this rating will be based on the quality of the relevant past performance and will consider the currency and relevance of the information, source of the information, context of the data, and general trends in contractor's performance. The quality of performance under a past performance reference that has no relevance to the instant requirement will not be considered in the overall assessment of Past Performance Confidence. In the case of a quoter without a record of relevant past performance or for whom information on past performance is not available, the quoter may not be evaluated favorably or unfavorably on past performance rather the quoter will receive an "Unknown Confidence" rating.

In order to verify past performance information and determine the quality of the past performance submission, the Government may contact some or all of the references provided, as appropriate, and may collect information through questionnaires (i.e. the Past Performance Report Form), telephone interviews and existing data sources to include but not limited to Contractor Performance Assessment Reporting (CPARS). The Government reserves the right to obtain information for use in the evaluation of past performance from any and all sources including sources outside of the Government. This past performance information will be used for the evaluation of past performance.

This evaluation and rating is separate and distinct from the Contracting Officer's responsibility determination. The assessment of the quoter's past performance will be used as a means of evaluating the relative capability of the quoter and other competitors to successfully meet the requirements of the RFQ. In determining the rating for the past performance evaluation sub-factor, the Government will give greater consideration to the contracts which the Government feels are most relevant to the RFQ.

Overall Non-Price Proposal Rating

Upon completion of the Non-price Factor evaluation, a composite rating for the overall Non-Price Factor will be assigned to each quoter's proposal. The assignment of this overall rating will take into consideration the comparative weightings of Technical Approach, Past Performance and their respective sub-factors. The ratings listed in Table 1, "Technical Rating Table" below will be used.

2. Price Submittal Evaluation Criteria

The vendor's proposed price will be evaluated in accordance with FAR 13.106-3(a).

Vendors responding to this solicitation are advised that, prior to award, the government may request vendors to submit information/data to support price reasonableness such as copies of paid invoices for the same or similar items, sales history for the same or similar items, price list with effective date and/or copies of catalog pages along with any applicable discounts. Failure to submit the requested information may result in disqualification of the submitted quote.

Options, to include FAR 52.217-8, will be evaluated pursuant to solicitation provision FAR 52.217-5, Evaluation of Options. The Government will evaluate quotes for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that a quote is unacceptable if the option prices are significantly unbalanced. Evaluation of options shall not obligate the Government to exercise the option(s).

Although price is the not the most important evaluation factor, it has the potential to become more significant during the evaluation process. The degree of importance of price will increase with the

degree of equality of the quotes in relation to the other factors on which selection is to be based. The importance of price will also increase when a vendor's price is so significantly high as to diminish the value to the Government that might be gained under the other aspects of the offer. If, at any stage of the evaluation, all quoters are determined to have submitted equal, or virtually equal, quotes, price could become the factor in determining which quoters shall receive the award.

Rating Tables

The following adjectival ratings shall be used in the evaluation of quotes:

Technical Rating Table

These ratings will be used in the evaluation of the technical factor and its sub-factors.

TABLE 1

Rating	Description
Outstanding	Quote meets requirements and indicates an exceptional approach and understanding of the requirements. Strengths far outweigh any weaknesses. Risk of unsuccessful performance is very low.
Good	Quote meets requirements and indicates a thorough approach and understanding of the requirements. Quote contains strengths which outweigh any weaknesses. Risk of unsuccessful performance is low.
Acceptable	Quote meets requirements and indicates an adequate approach and understanding of the requirements. Strengths and weaknesses are offsetting or will have little or no impact on contract performance. Risk of unsuccessful performance is no worse than moderate.
Marginal*	Quote does not clearly meet requirements and has not demonstrated an adequate approach and understanding of the requirements. The quote has one or more weaknesses which are not offset by strengths. Risk of unsuccessful performance is high.
Unacceptable**	Quote does not meet requirements and contains one or more deficiencies. Quote is un-awardable

DEFINITIONS:

Strength - An aspect of a quoter's quote that has merit or exceeds specified performance or capability requirements in a way that will be advantageous to the Government during contract performance.

Weakness - A flaw in the quote that increases the risk of unsuccessful contract performance.

Significant Weakness - A flaw that appreciably increases the risk of unsuccessful contract performance.

Deficiency - A material failure of a quote to meet a Government requirement or a combination of significant weaknesses in a quote that increases the risk of unsuccessful contract performance to an unacceptable level.

Risk – (as it pertains to source selection) The potential for unsuccessful contract performance. The consideration of risk assesses the degree to which a quoter's proposed approach to achieving the technical factor or its sub-factors may involve risk of disruption of schedule, increased cost or degradation of performance, the need for increased Government oversight, and the likelihood of unsuccessful contract performance.

Satisfactory Confidence	Based on the quoter's recent/relevant performance record, the Government has a reasonable expectation that the quoter will successfully perform the required effort.
Limited Confidence	Based on the quoter's recent/relevant performance record, the Government has a low expectation that the quoter will successfully perform the required effort.
No Confidence	Based on the quoter's recent/relevant performance record, the Government has no expectation that the quoter will be able to successfully perform the required effort.
Unknown Confidence (Neutral)	No recent/relevant performance record is available or the quoter's performance record is so sparse that no meaningful confidence assessment rating can be reasonably assigned.

Source Selection Decision

The Government intends to evaluate quotations and award a contract using the acquisition procedures of FAR 13.5. The Government will select the vendor whose quote represents the best value to the Government, considering price and other factors when compared to other vendors. The Government also reserves the right to not award a contract or order if the award is not in the best interest of the Government.

(h) Certification Regarding Responsibility Matters (Executive Order 12689). (Applies only if the contract value is expected to exceed the simplified acquisition threshold.) The offeror certifies, to the best of its knowledge and belief, that --

(1) The offeror and/or any of its principals (____) are, (____) are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency,

(2) (____) Have, (____) have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery,

falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property; and

(3) (☐) Are, (☐) are not presently indicted for, or otherwise criminally or civilly charged by a Government entity with, commission of any of these offenses enumerated in paragraph (h)(2) of this clause; and

(4) (☐) Have, (☐) have not, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds \$3,000 for which the liability remains unsatisfied.

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) The tax liability is finally determined. The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) The taxpayer is delinquent in making payment. A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) Examples.

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. Sec. 6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. Sec. 6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. Sec. 6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. 362 (the Bankruptcy Code).

Subject to the terms of this contract, the Contractor shall be paid a percentage of the contract price reflecting the percentage of the work performed prior to the notice of termination, plus reasonable charges the Contractor can demonstrate to the satisfaction of the Government using its standard record keeping system, have resulted from the termination. The Contractor shall not be required to comply with the cost accounting standards or contract cost principles for this purpose. (m) Termination for cause. The Government may terminate this contract, or any part hereof, for cause in the event of any default by the Contractor, or if the Contractor fails to comply with any contract terms and conditions, or fails to provide the Government, upon request, with adequate assurances of future performance. (1) Unless exempted by an addendum to this contract, the Contractor is responsible during performance and through final payment of any contract for the accuracy and completeness of the data within the SAM database, and for any liability resulting from the Government's reliance on inaccurate or incomplete data. To remain registered in the SAM database after the initial registration, the Contractor is required to review and update on an annual basis from the date of initial registration or subsequent updates its information in the SAM database to ensure it is current, accurate and complete. Updating information in the SAM does not alter the terms and conditions of this contract and is not a substitute for a properly executed contractual document.

(2)(i) If a Contractor has legally changed its business name, "doing business as" name, or division name (whichever is shown on the contract), or has transferred the assets used in performing the contract, but has not completed the necessary requirements regarding novation and change-of-name agreements in FAR subpart 42.12, the Contractor shall provide the responsible Contracting Officer a minimum of one business day's written notification of its intention to (A) change the name in the SAM database; (B) comply with the requirements of subpart 42.12; and (C) agree in writing to the timeline and procedures specified by the responsible Contracting Officer. The Contractor must provide with the notification sufficient documentation to support the legally changed name.

(ii) If the Contractor fails to comply with the requirements of paragraph (t)(2)(i) of this clause, or fails to perform the agreement at paragraph (t)(2)(i)(C) of this clause, and, in the absence of a properly executed novation or change-of-name agreement, the SAM information that shows the Contractor to be other than the Contractor indicated in the contract will be considered to be incorrect information within the meaning of the "Suspension of Payment" paragraph of the electronic funds transfer (EFT) clause of this contract.

(3) The Contractor shall not change the name or address for EFT payments or manual payments, as appropriate, in the SAM record to reflect an assignee for the purpose of assignment of claims (see Subpart 32.8, Assignment of Claims). Assignees shall be separately registered in the SAM database. Information provided to the Contractor's SAM record that indicates payments, including those made by EFT, to an ultimate recipient other than that Contractor will be considered to be incorrect information within the meaning of the "Suspension of payment" paragraph of the EFT clause of this contract.

(4) Offerors and Contractors may obtain information on registration and annual confirmation requirements via SAM accessed through <https://www.acquisition.gov>.

(u) Unauthorized Obligations.

(1) Except as stated in paragraph (u)(2) of this clause, when any supply or service acquired under this contract is subject to any End User License Agreement (EULA), Terms of Service (TOS), or similar legal instrument or agreement, that includes any clause requiring the Government to indemnify the Contractor or any person or entity for damages, costs, fees, or any other loss or liability that would create an Anti-Deficiency Act violation (31 U.S.C. 1341), the following shall govern:

(i) Any such clause is unenforceable against the Government.

(ii) Neither the Government nor any Government authorized end user shall be deemed to have agreed to such clause by virtue of it appearing in the EULA, TOS, or similar legal instrument or agreement. If the EULA, TOS, or similar legal instrument or agreement is invoked through an "I agree" click box or other comparable mechanism (e.g., "click-wrap" or "browse-wrap" agreements), execution does not bind the Government or any Government authorized end user to such clause.

(iii) Any such clause is deemed to be stricken from the EULA, TOS, or similar legal instrument or agreement.

(2) Paragraph (u)(1) of this clause does not apply to indemnification by the Government that is expressly authorized by statute and specifically authorized under applicable agency regulations and procedures.

(v) Incorporation by reference. The Contractor's representations and certifications, including those completed electronically via the System for Award Management (SAM), are incorporated by reference into the contract.

STATUS OF FORCES

The information provided in this section is strictly a summary of the applicable SOFAs and country-specific requirements and should not be construed as all-inclusive. It is the contractor's responsibility to review, understand and comply with all SOFA and country-specific requirements applicable to this contract.

SOFA status defines the benefits received by the contractor and/or the contractor's dependents. These benefits include, but are not limited to, commissary, postal, military banking privileges, on-base education and access to United States military medical facilities. The SOFA status usually defines the prosecution for criminal offenses in the USG OCONUS court system and laws as opposed to the Host Nation judicial system and laws but that will vary by location.

The Government may, at the discretion of the Base Commander, provide contractor employees and authorized dependents logistics support as mentioned in the previous paragraph. This only applies to foreign countries that have a SOFA.

The NATO SOFA is the governing document with respect to the status of forces in NATO countries. The NATO SOFA is silent to many issues, such as how and when SOFA status is granted to contractors. Issues like this are addressed in various bilateral agreements that the United States has with other countries, and the requisite requirements differ from country to country.

1.1.1. DOD CONTRACTOR PERSONNEL OFFICE (DOCPER) COMPLIANCE (NAPLES)

The contractor shall comply with the procedures associated with the Department of Defense Office of Civilian Personnel guidelines for employing DoD contractor employees as Technical Representatives (TRs) in Italy. The Web site for obtaining the documentation that governs the Technical Representative Accreditation Procedures in Italy, of DoD contractor employees as TRs, is identified below. The Government will also use the Contractor Verification System (CVS) to validate the contractor's need and application information for a CAC. The Government will reimburse the contractor for all costs associated with the DOCPER process.

1.1.1.1. DOD CONTRACTOR Insurance (Italy)

No mandatory requirements for insurance exist

1.1.2. DOD CONTRACTOR SOFA Status (Japan)

Article XIV gives SOFA status to a company, not to the individual employees, as is the case under SOFA Article I(b). Under Article XIV, only the actual employees receive SOFA benefits. There are no benefits for the employees' dependents. Article XIV is limited to United States companies present in Japan solely to work for the United States Forces, Japan (USFJ). Article XIV requires a two to three year application process.

U.S. citizen contractors not ordinarily resident in Japan and present in Japan at the official invitation of the USG for the performance of a contract for the United States armed forces may be given SOFA Article I(b) status. The number of employees does not affect whether Article I(b) or Article XIV status is appropriate.

1.1.2.1. DOD CONTRACTOR Insurance (Japan)

Determining and meeting these requirements are the responsibility of the contractor, at no additional expense to the Government.

1.1.3. DOD CONTRACTOR SOFA Status (Singapore)

There is no SOFA and the existing classified agreement does not confer USG legal protections to contractors. Contractors would be at the mercy of the extremely strict and autocratic laws and

justice system of Singapore. The specific benefits or protections conferred on contractors and areas where benefits and protections are received by United States military and civilian personnel but denied to contractors.

Without additional expense to the Government, the Contractor shall be responsible for complying with Singapore's Employment of Foreign Workers Act, Chapter 91A which places significant duties and responsibilities on any contractor operating in Singapore. Any seat management contract involving Singapore requires the contractor to have a familiarity and comply with the relevant provisions of the statute, found in the Schedules of the statute. The term "Schedule" appears to be synonymous with United States statutory term "Section". These duties and responsibilities include providing "upkeep and maintenance", medical exams, "full costs of repatriation" and "acceptable accommodation" to all employees.

1.1.4. DOD CONTRACTOR SOFA Status (Republic of Korea)

The SOFA with the Republic of Korea contains Articles I(b), XIV and XV dealing with the status of contractors. Articles I(b) and XIV are virtually identical to the terms of the SOFA with Japan. However, the majority of contractors work under Article XV, which provides the status of "Invited Contractors". Invited contractors are entitled to the full range of SOFA benefits including importing and exporting material and equipment duty free, personal benefits for employees and personal benefits for the employees' dependants if the sponsoring military command agrees to supply these benefits.

1.1.4.1. DOD CONTRACTOR Insurance (Korea)

Determining and meeting these requirements are the responsibility of the contractor, at no additional expense to the government.

1.1.5. DOD CONTRACTOR SOFA Status (Spain)

The 1989 Agreement on Defense Cooperation (ADC), and local laws, supplement the NATO SOFA.

Under Annex 6, Article 1.1 of the ADC, contractors are authorized to work in Spain with prior approval from the Permanent Committee. Military authorities of the United States may propose to the Permanent Committee the designation of persons who are nationals of or ordinarily resident in the United States, whose presence in Spain is considered necessary solely for the purpose of executing a contract with the United States for the benefit of the U.S. forces or U.S. and Spanish armed forces in the exercise of the functions authorized. Persons designated by the Permanent Committee shall be accorded during their temporary stay in Spain the same treatment as members of the civilian component.

1.1.5.1. DOD CONTRACTOR Insurance (Spain)

All contractor companies are required to have insurance under Annex 6 of the ADC. The requirement mandates a level of coverage between 6,000 and 900,000 Euros, depending on specific circumstances. This is required before the contracting company can obtain country clearance(s) for their employees, regardless of whether their employees will be designated contractor employees, "tech reps", or employees of non-Spanish and non-commercial

organizations. Therefore, insurance under Annex 6 will be required for a contractor to enter Spain.

The Government of the United States shall require that insurance contracts be affected to cover civil liabilities that may be incurred in Spanish territory. These civil liabilities include acts or omissions done in the performance of duty by employees of contractors and subcontractors of the U.S. forces.

Before the start of work by the contractor or subcontractor, the military authorities of the United States shall transmit to the Permanent Committee a document issued by the insurance company. This document must certify insurance coverage of the civil liabilities, in an amount considered sufficient by the Permanent Committee for this class of contract.

1.1.6. DOD CONTRACTOR SOFA Status (Greece)

The 1990 MDCA between the Government of the United States and the Government of the Hellenic Republic, and local laws supplement the NATO SOFA addresses the extending of SOFA benefits to contractors.

Article 2, Section 3 of the Annex of the MDCA extends SOFA status to contractors. Article 2 defines the term “civilian component” as including non-Greek persons employed by U.S. contractors directly serving the United States forces in Greece. This entitlement grants contractors SOFA status under Article 2 of the Agreement. Upon official announcement to the Greek authorities, they will be issued special identification cards granting them SOFA status. These cards are then signed by the competent Greek authorities.

1.1.6.1. DOD CONTRACTOR Insurance (Greece)

There are no known requirements for Contractors serving the United States Armed Forces in Greece.
